

Terms and Conditions

cerbyl.com | Last updated 5 September 2026

These Terms govern your access to Cerbyl's websites, applications, AI-assisted learning tools and related services (the Services). By creating an account, purchasing a plan, or using the Services, you agree to these Terms.

1. Who operates Cerbyl

The Services are operated by CERBYL TECHNOLOGIES PRIVATE LIMITED, a company incorporated in India. Registered office: Dalhousie 11A, Type 2, Hill County, Nizampet, Qutubullapur, Hyderabad - 500090, Telangana, India. CIN: U62010TS2026PTC212247.

2. Eligibility and accounts

You must provide accurate information, keep your credentials confidential, and promptly tell us about suspected unauthorised access. If you are under 18, you may use Cerbyl only with the involvement and verifiable consent of a parent or lawful guardian. A parent or guardian who permits use is responsible for supervising the account and accepting these Terms on the child's behalf.

You may not sell, transfer, share, or misuse an account. We may require verification and may suspend an account where information is false, security is at risk, or these Terms are breached.

3. Plans, payments and renewals

Plan features, billing period, currency, price, applicable taxes and whether a subscription renews automatically will be shown before you pay. If you choose auto-renewal, you authorise the displayed recurring charge until cancellation. Your bank, card issuer or payment provider may apply currency conversion, cross-border or other charges that we do not control.

Payments are processed by third-party payment providers. Cerbyl does not store complete card credentials. A failed or reversed payment may result in plan suspension or reversion to a free plan. We may change future prices or plan features after giving reasonable notice; an increase will not be charged before the next renewal disclosed to you.

4. Cancellation and refunds

You can cancel a recurring subscription through the account billing controls or by emailing billing@cerbyl.com. Cancellation stops future renewals and ordinarily leaves paid access active until the end of the current billing period. Refund eligibility is governed by the Refund and Cancellation Policy and mandatory law.

5. Educational and AI-generated content

Cerbyl is a study and productivity service, not an accredited educational institution. AI-generated answers, notes, quizzes, summaries, recommendations and other outputs may be incomplete or inaccurate. You must independently verify important information. The Services do not provide medical, legal, financial, mental-health or other professional advice and do not guarantee grades, admissions, employment or any learning outcome.

6. Your content

You retain ownership of content you submit. You give us a limited, worldwide, non-exclusive licence to host, copy, process, transform and display that content only as needed to operate, secure, improve and provide the Services, follow your sharing choices, and comply with law. You confirm you have the rights and permissions needed to submit the content.

Content you intentionally publish or share may be accessible to others through the selected sharing controls. Remove sharing or delete the content if you no longer want it available, subject to reasonable caching, backups and legal retention.

7. Acceptable use

You must not use Cerbyl to break the law; infringe privacy or intellectual-property rights; harass, exploit or endanger another person; upload malware; bypass usage, safety or access controls; scrape or reverse engineer the Services except where law permits; automate abusive requests; impersonate others; or submit content you have no right to use. You must not use AI output to facilitate cheating or academic misconduct.

8. Cerbyl intellectual property

The Services, software, branding, designs and company-created materials belong to Cerbyl or its licensors. Except for the limited right to use the Services under these Terms, no intellectual-property rights are transferred to you.

9. Availability and changes

We work to keep Cerbyl available, but uninterrupted or error-free operation is not guaranteed. We may maintain, update, add, remove or discontinue features. If we discontinue a paid Service before the end of a paid term, we will provide an appropriate remedy such as continued access, migration where practical, or a proportionate refund, as required by law.

10. Suspension and termination

We may restrict or terminate access for material or repeated breach, fraud, abuse, security risk, non-payment, or legal necessity. Where reasonably possible, we will give notice and an opportunity to remedy the issue. You may stop using Cerbyl and request account deletion at any time. Provisions that by nature should survive termination will survive.

11. Disclaimers and liability

To the maximum extent permitted by law, the Services are provided on an 'as available' basis without implied warranties. Cerbyl is not liable for indirect, incidental, special, punitive or consequential loss, or loss of data, profits or opportunity, arising from use of the Services.

To the maximum extent permitted by law, Cerbyl's total liability for a claim will not exceed the amount you paid Cerbyl for the Services during the 12 months before the event giving rise to the claim. Nothing in these Terms excludes liability or consumer rights that cannot lawfully be excluded or limited.

12. Indemnity

If you use the Services on behalf of a business or organisation, that entity will indemnify Cerbyl against third-party claims arising from its unlawful content, misuse of the Services or material breach of these Terms, except to the extent caused by Cerbyl. This clause does not reduce non-waivable consumer rights.

13. Governing law and disputes

These Terms are governed by Indian law. Please first contact grievance@cerbyl.com so we can try to resolve the matter. Subject to any mandatory consumer forum or other non-waivable jurisdiction, courts at Hyderabad, Telangana will have jurisdiction.

14. Changes to these Terms

We may update these Terms for legal, security or product reasons. We will post the revised version and update the effective date. For material changes, we will provide reasonable notice through email, the Services or another effective method. Continued use after the effective date constitutes acceptance where permitted by law.
